If you normally get overtime, include it, but do not include it if you only work overtime sometimes. If you have lost a job or had your hours or wages reduced, use your current income.
13. **What if some household members have no income to report?** Household members may not receive some types of income that are asked for you to report on the application or may not receive income at all. When this happens, please write a 0 in the field. However, if any income fields are left empty or blank, those also will be counted as zeroes. Please be careful when leaving income fields blank.
14. **We are in the military. Do we report our income differently?** Your basic pay and cash bonuses must be reported as income. If you get any cash value allowances for off-base housing, food, or clothing, it also must be included as income. However, if your housing is part of the Military Housing Privatization Initiative, do not include your housing allowance as income. Any additional combat pay resulting from deployment is also excluded from income.
